Frequently Asked Questions and Answers about T2202

I took courses at VCC during 2022, why isn't there a tax form for me?

Generally, T2202 forms are issued to students who have paid \$100.00 or more in **eligible** fees for post-secondary level courses beginning and ending in a particular year. However, not all students qualify for tax forms. For example, courses in ESL are not considered to be at a post-secondary level and so they are excluded from the T2202 form. Also, students taking courses in Continuing Education may not qualify if such courses do not lead up to a certificate or a degree.

Why are you providing the T2202 on myVCC?

VCC is providing this form online as part of our commitment to make it more convenient for our students to access the form through self-service at myVCC.ca. It also avoids delays caused by returned mailings due to address changes the students may have failed to notify VCC about.

Why doesn't my PDF file containing the T2202 form open?

Please ensure that your pop up blocker is OFF, otherwise the form can't open.

Why doesn't my T2202 match the amount I paid for my program or course?

Student tax receipts will reflect only the "eligible fees," not all the fees that may have been paid. Your student union fee is not an eligible fee, for instance. Please refer to the Canada Revenue Agency website at for more information on eligible fees:

<https://www.canada.ca/en/revenue-agency/services/tax/individuals/topics/about-your-tax-return/tax-return/completing-a-tax-return/deductions-credits-expenses/line-32300-your-tuition-education-textbook-amounts.html>

Tax receipts are based on course dates, not on payment date. Tax receipt issued will cover studies taken from January to December 2022. You will receive a tax form next year if your course carries over into 2023.

Which year's tax forms are available online via myVCC?

Tax forms are available online for courses taken between 2004 and 2022 calendar year.

I received my T2202 form but the address on it is incorrect. Do I need a new one?

You may submit the T2202 as received even if the address is incorrect. Although it is not necessary for you to attach the T2202 form when you file your tax return, you should be able to produce one when requested by Revenue Canada.

My parents need my T2202 form. Will you send it directly to them for me?

As per Income Tax Act, students must use the Tuition and Education Credit Certificate (T2202) on their own tax return until both the Federal and Provincial Tax payable is reduced to zero, after which the student may then transfer the balance of the credit to another eligible party using the reverse side of the T2202 form. This will require the student's signature.

If I add the tuition for my VCC course together with a course from another college, I would meet the \$100 minimum, why won't you give me a T2202?

As per Income Tax Act, students *may not* combine receipts from other institutions in order to meet the minimum eligible fee.

I need a copy of my T2202 for tax years prior to 2004, how do I obtain a copy?

A copy can be obtained from the Student Accounts office at the VCC Broadway and Downtown campuses for a \$10.50 processing fee. For Continuing Studies students, you must obtain the T2202 from the Continuing Studies office.

What if I have questions about filing my income tax return or understanding what I can deduct for tax purposes?

Please refer your questions to the Canada Revenue Agency by telephone at 1-800-959-8281 or online at <https://www.canada.ca/en/revenue-agency/services/forms-publications/forms/t2202.html>

What if I have questions about the tuition or education months on my T2202?

Questions regarding your T2202 should be directed by email to T2202Help@vcc.ca
